## TRIBUTE TO EDITH RAY

83 years brought some tough times but also some moments of great joy- Maybe it was a family gathering, or a simple brown bag for a toy. Edith's life may have been simple but boring it wasn't at all, You might catch her on a snow mobile, the 4 wheeler or simply kicking a ball. Her family and farm hands will always remember her touch of grace Her deliciously prepared meals always put a smile on their face. Why sometimes her cooking put athletes to shame Trying to get there first was the name of the game. A banana pudding that would make a grown man melt And coconut pies that made you have to loosen your belt. Those of us who traveled the Airline Rd. will never forget her and the John Deere mower, I don't think if she had tried she could have cut it much lower. She had her routine whether the yard or the store- There was a time and place for every kind of chore. She and Bob did have some travel time when the work was a little slack; But about the time they arrived, Bob was ready to come back. At every service time until her health was in such decline She and her Cadillac were always early, being first was just fine. Why even if a tornado warning had been given to all She was coming to church even if she had to send out a call. 5 years ago she lost her mate, a loss no one can replace And the last couple of years her communication was often a simple expression on her face. Her family and caretakers have lovingly provided for her all along the way Edith saw the love they had with every passing day. The journey here is over and a new life has begun But her legacy and memory for us is certainly not done. Gary Puryear
